Grundy Bank Business Switch Kit

To switch your business accounts to Grundy Bank, please use our organizer to assist in the transition. Grundy Bank Client Services Specialists are available to answer any questions. Follow these simple steps to get started:

1. Open Your Grundy Bank Business Checking Account(s).

Deposit funds into your new business account(s), request a debit card, order checks and deposit slips. Note Grundy Bank's routing number 071904290, your new checking account number and debit card information to switch any scheduled transactions from your old account to your new account with us.

2. Supply Us with A Voided Check.

Supply us with a voided check from your prior bank to ensure we order the correct checks for your new Grundy Bank account

3. Switch Your Scheduled Payments to Your New Account

Using our organizer, write down your recurring debit and credit transactions including automatic payments, bill pay and online payments. You will need to switch everything to your new Grundy Bank routing number and checking account numbers.

4. Stop Using Your Old Business Account

Keep the old account open until all outstanding transactions have cleared and you have moved your scheduled transactions to your new Grundy Bank checking account, debit card or bill pay.

5. Close Your Old Business Account

Once you verify that all of your transactions have cleared, close your old account.

Organizer for Businesses

Welcome to Grundy Bank. Please use this worksheet to track the information you need to switch recurring payments and deposits to your new Grundy Bank business checking account(s). This form doesn't need to be submitted to anyone at Grundy Bank. It should just be used as a reminder check list to help with your transition to Grundy Bank.
